

Sofeze™ products are a “all-in-one” dry powder ready premixes for preparing Softy's, Frozen Desserts Soft Serves, Milkshakes, Frozen Yogurt and other cold dairy preparations.

Sofeze™ is currently available in 3 variants:

Sofeze™ M - to be reconstituted in Milk.

Sofeze™ W - to be reconstituted in Water.

Sofeze™ Y - to prepare Frozen Yogurts.

Sofeze™ is available as a 'Base' or unflavoured option or in a variety of exotic flavours over and above the standard Vanilla, Chocolate and Strawberry flavours.

Sofeze™ offers several advantages over traditional liquid premixes:

- 1 year shelf life in dry form, unopened.
- Reduce wastage at the end of the day – use only as much as you need.
- Allows making small batches, several times a day to avoid leftovers of liquid mixes.
- Higher yield of final product.
- Avoid measurement and mixing of several individual ingredients.
- Minimises variations in cost and final product output.
- Ease of use for operators and servers – no special skills required.

Sofeze™ is available in 1 Kg pouches and 5 Kg and 25 Kg bags.
